

WORDS OVER WEAPONS

'Words over Weapons' (WOW) is a Home Office funded project available to young people aged 11-19yrs from across Leicester and Leicestershire.

Our aims are simple;

- change young people's attitudes around knife culture
- empower and equip young people with the skills to challenge and educate their peers
- stop all young people carrying knives

OUR OFFER

Through our **free** offer of sessions and workshops, WOW will;

- inspire, engage and educate young people on knife crime through interactive quizzes, case studies, debates and roleplay
- help young people to understand the law, risks and consequences around carrying knives
- enable young people to make safer choices

We will also work with you to identify 'Young Ambassadors' who will represent your service as part of a Leicestershire-wide network of young people, contributing towards the writing, performing and filming of Spoken Word pieces as part of WOW's legacy.

The WOW team will work with you to arrange a package to best engage your young people. Your organisation will be able to book our sessions for us to visit and work with your young people anytime from **October 2018 - January 2019**.

BENEFITS TO YOUR ORGANISATION

Through becoming a key partner in this exciting new project, you will;

- take a pro-active approach towards tackling knife crime in your area
- make the wider community in which your service operates safer for everyone
- provide your young people with a unique opportunity to have their voices heard and documented on this important issue

TO FIND OUT MORE, CALL OR EMAIL US ON THE DETAILS BELOW. THIS OPPORTUNITY ENDS IN JANUARY 2019 AND SPACES ARE LIMITED, SO CONTACT US TODAY!
