

STA Stakeholder Update: 17 September 2019

This email is an official communication from the Standards and Testing Agency.

Stakeholder information

Information: technical issues with new mailing system

We have identified that a number of stakeholders did not receive last week's assessment updates. This is because of a technical issue and we apologise for any inconvenience this may have caused.

If you have any further issues, please contact the national curriculum assessments helpline on 0300 303 3013.

Reminder: Primary Assessment Gateway launch

A new online portal will replace the NCA tools website for 2019/20 activities relating to national curriculum assessments.

The Primary Assessment Gateway will be open to schools, local authorities and multi-academy trusts at the beginning of October. No action is required at this time and we will provide more information in the next few weeks.

[NCA tools](#) will remain open until Friday 29 November for schools to access 2019 KS2 test results, including the outcomes of marking and clerical reviews.

Information sent to schools

Information: assessment update sent to schools

The [information sent to schools](#) is as follows:
